Dear Sally Englund,

Congratulations from the office of the President's Council on Physical Fitness and Sports (PCPFS) and The President's Challenge Program. You and your school have earned the highest award for outstanding achievement in physical fitness and are now distinguished as a PCPFS Physical Fitness State Champion for the 2007-2008 school year.

As part of your recognition you will find 35 State Champion Award emblems and certificates for the Presidential Physical Fitness Award recipients. Also, a congratulatory certificate for achieving State Champion status is included. In addition to the items enclosed in this package, your school will be listed as a State Champion Award winner on the President's Challenge website, [www.presidentschallenge.org](http://www.presidentschallenge.org).

By participating and achieving success as a state champion school, Hualalai Academy serves as a leader and role model in physical fitness. You are also supporting and achieving the goals set for a HealthierUS, the prevention initiative of the U.S. Department of Health and Human Services--Steps to a HealthierUS, and the physical activity and fitness objectives of Healthy People 2010, the government's ten year health objectives. The encouragement of a lifetime of regular physical activity for Americans of all ages, backgrounds, and abilities is commended and recognized.

Once again, we congratulate you on your achievements and wish you much success as the school year continues. We hope that you will continue incorporating all of our programs into your curriculum and lifestyles for students, teachers, and the community at large. Together we can get Americans of all ages and abilities becoming and staying more fit and active.

Sincerely,
